Employment Training Solutions (ETS) is your local training provider for the Transport, Mining and Construction industries in the Pilbara region of Western Australia.

All our training is delivered by appropriately qualified trainers with extensive industry experience. Trainers are based in Newman, Tom Price, Geraldton, Central wheatbelt and the Peel region to best supply training in your region and on site as required.

ETS trainers cover a whole range of industry requirements.

- Most High-Risk Licences – including Worksafe assessment.
- Earthmoving & Mining Equipment qualifications
- Safety, Supervision & WHS Act 2020 training
- HR, HC & MC truck training and HV Pilot licencing

ETS in line with current equal employment opportunity expectations, are proud to claim our current mix of trainers include 40% of our trainers being indigenous allowing us to cater for cultural differences in the state and 20% female.

ETS have been delivering Nationally Recognised courses, heavy vehicle driver training and assessing, as well as Verification of Competencies (VOC's) since 2010. Being local gives us a great advantage over our industry colleagues in Perth by saving money on costly flights, accommodation, salaries, and associated costs.

In 2018, we expanded by offering our services into the Wheatbelt areas of the state.

Wheatbelt clients include farmers (who need to meet compliance needs), agriculture service and contracting industries as well as Regional Shires and private residents.

HR, HC, and MC Driver License Training

ETS have assisted well over 1000 persons to obtain their Heavy-Rigid, Heavy-Combination and Multi-Combination driver's license in the Pilbara. Our experienced driver instructors are often seen in one of our white trucks and yellow trailers at one of the following locations: -

- Newman
- Tom Price
- Paraburdoo
- Exmouth
- Carnarvon
- Denham
- Onslow
- Mingenew
- Moora
- Dalwallinu

We have HR, HC and MC trucks in the wheatbelt and great southern regions. Set-up to come to a town near you

Nationally Recognised Training Courses

2024 changes in the national training framework and RTO standards, prevent an RTO offering courses from other RTO, s . This restricts the range of courses we would be able to offer

Employment Training Solutions in order to continue delivering a vast range of training courses, have decided Not to be an RTO in our own right, but to develop close partnerships and Memorandum of Understandings with industry

- Down to Earth Training & Assessing RTO 51199
- DeltaWest Training RTO 40599

Their scope of courses includes, but not limited to: -

- **Earthmoving and Mining Machinery Tickets**

- Skid Steer Loaders
- Excavators
- Rollers
- Haul Trucks
- Water carts
- Integrated Tool Carriers
- Telescopic Materials Handler
- Graders
- Dozers
- Backhoes
- Chainsaw Operation
- Quick-cut saw etc

Verification of Competency (VOC)

Our highly skilled and qualified trainers often assist civil contractors and mining companies with completing Verification of Competencies for their operators to ensure that they can operate the in a safe and competent manner.

Our assessors are competent in assessing a range of qualifications to the following industry requirements

- WORKSAFE assessor VOC assessments
- RTO affiliated VOC assessment
- Industry experienced and national accredited VOC assessment

At ETS we always look to utilise our local resources first for any VOC's that are required to save you cost and time in mobilisation. For projects requiring special qualifications we have a range of assessors that we source to meet your requirements, no matter where, when or what that is required!
